Name:

[1-3] Read the passage, and answer the following questions.

World Heritage sites are treasures of the world. They are important places for culture or nature. The Pyramids in Egypt are one of the sites. They teach us about ancient culture. There is the tropical rain forest of Sumatra in Indonesia. It is a World Heritage site, too. The rain forest has different species of animals and plants. These sites are culturally or naturally **a**_____. We should keep these sites. So, UNESCO named them World Heritage sites.

1. What does World Heritage site mean?

- ① It is the tropical rain forest.
- ② It is a special cultural place.
- ③ It is the UNESCO.
- ④ It is culture.

2. Why are the Pyramids important?

- ① Because we can learn about ancient culture.
- ② Because they are good to see for sights.
- ③ Because they are famous.
- ④ Because they look nice.

3. What can be in the blank?

- ① needed
- ② necessary
- ③ good
- ④ important

[4-6] Read the passage, and answer the following questions.

Why are World Heritage sites important to culture? They can teach us culture. (A)They can also show us history. For example, Italy has Venice. (B)The whole of Venice are full of great buildings and works of art. This city is historically important. We should keep it well. So, UNESCO named it a World Cultural Heritage site. (C)China's tomb of the first emperor is another World Heritage site. In the tomb, there are thousands of terracotta warriors, horses, and weapons. (D)They are made of clay. The tomb shows us the power of the emperor at that time.

4. Which is true about the passage?

- ① UNESCO names World Cultural Heritage sites.
- ② There are thousands of terracotta warriors, horses, and weapons in China' castle.
- ③ Things in the tomb show us the power of China at that time.
- ④ There are some great buildings and works of art in Venice.

5. Which is grammatically wrong?

- ① (A)
- ② (B)
- ③ (C)
- ④ (D)

6. What can we assume from the things in the emperor's tomb?

- ① We can assume that China was a rich country.
- ② We can assume the power of the emperor.
- ③ We can assume that the emperor wanted to start a war.
- ④ We can assume that the emperor was a woman.

[7-9] Read the passage, and answer the following questions.

Some World Heritage sites are important for nature. (A) We call them Natural Heritage sites. In the Swiss Alps, Jungfrau-Aletsch is one example. It has unique beauty. (B) It teaches us about the building of mountains and glaciers, too. However, some sites are not on the heritage list for their beauty. Australia's Great Barrier Reef is one example. The site was full of coral reefs and sea animals. (C) So UNESCO named it a World Heritage site ⓐ in danger. (D) UNESCO helps protect the site.

7. Choose the mismatched pair.

① protect = keep

② place = site

③ endanger = risk

④ grave = tomb

8. Where would the following sentence best fit in the passage?

But now they are endangered.

① (A)

② (B)

③ (C)

④ (D)

9. What does ㉓ *in danger* mean?

① safe

② useless

③ endangered

④ useful

10. Make a sentence.

우리는 세계문화유산을 통해 역사를 배울 수 있다.

We can learn history through World Heritage Sites.
